1. Larry Houston advised me that the Director had approved of Mr. [REDACTED] 25X1A9a
[REDACTED] going ahead with the preparation and publication of his book. We, therefore, will
have to provide space for him and also assistance.

2. I discussed with Jim Garrison the recommendation of the FE Division that
we turn over all our facilities [REDACTED] without reimbursement and
without any strings attached. I approved of this action. H

3. Jim reported that he has had a Contracting Officer working full time with the
National Photographic Interpretation Center and that without this man and the pressure
which I have been putting on he did not believe that NPIC could possibly have been ready
to move into [REDACTED] on schedule. He will give me a more complete briefing
on this next week. H

4. I met with the Reorganization Committee for an hour-and-a-half at which
time I suggested that consideration be given to removing the Comptroller, the Audit
Staff, and the General Counsel from the DD/S Area. It was my impression that the
Committee concurred in these suggestions and would adopt them as its own recommen-
dation to the Director. I have another hour-and-a-half session with the Committee on
Monday, 19 February. H

5. Jim Garrison has recommended that [REDACTED] be considered as an alternate
for [REDACTED] for the Support Planning assignment [REDACTED] if Fred should fail to
qualify physically. I told him that I would have to think about this. 25X1A6a

6. Jim reported that he had received a note from [REDACTED] in which Bruce
said that [REDACTED] has separated from his wife and that he thought Al's work might
be suffering somewhat.
